

You Have a Need

If you need a space for your corporate meetings; a place central to all the cities in the Triangle that includes everything from high-speed internet access and business services to Starbucks™ coffee and full-service catering, then...

We Have the Solution

The Solution Center offers 20,000 square feet of meeting space, with rooms that accommodate as many as 150 people or as few as one. However, we have much more than space to offer.

Our professional environment offers audio-visual equipment, wireless internet access, ergonomic workspace, courtesy rooms for one person to get away from the fray, and a knowledgeable, helpful staff at your service. In short, walk out of your office straight into ours and you won't miss a step.

Along with the small details, like the freshly baked Otis Spunkmeyer™ cookies you'll have during breaks, we'll be sure the important considerations are covered. You can count on our technical expertise and our onsite concierge to help make your meeting a success.

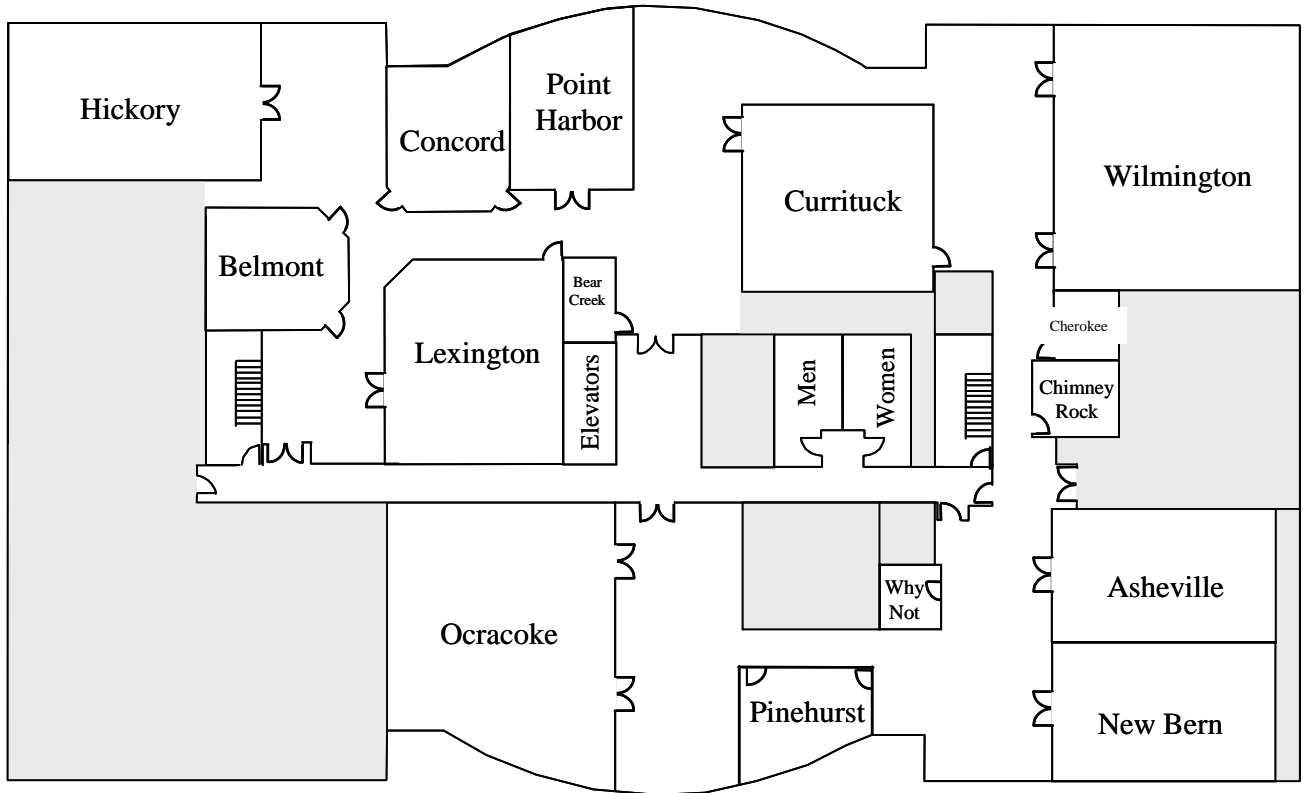

When the work day is over, you can retire to any one of the nearby hotels, using the free shuttle service, and get our preferred Solution Center sleeping room rates.

Our satisfied and ongoing clients include Cisco Systems, GlaxoSmithKline and IBM.
